

FHA Streamline – Non-Credit Qualifying

This matrix is intended as an aid to help determine whether a property/loan qualifies for certain financing. It is not intended as a replacement for FHA guidelines. Users are expected to know and comply with FHA requirements.

NOTE: This matrix includes overlays, which may be **more restrictive** than FHA requirements.

Program Qualifications

The FHA Streamline Non-Credit Qualifying Refinance is a refinance of an existing FHA-insured mortgage requiring limited borrower credit documentation and underwriting. There is no credit or capacity analysis or appraisal required.

- Existing Endorsed FHA Fixed Rate
- Existing Endorsed FHA ARM
- At time of loan application borrower must have made 6 months consecutive payment on the FHA-insured mortgage being refinanced.

Eligibility Matrix Loan Amount & LTV Limitations

FHA – Streamline (non-credit qualifying)

- The maximum amortization period of a streamline refinance is limited to the lesser of:
 - The remaining amortization period of the existing mortgage plus 12 years; or
 - 30 years
- The loan must provide a net tangible benefit to the borrower.

Secondary financing

Existing secondary financing may remain in place within certain limits.

New secondary financing simultaneous with streamline refinance is eligible, subject to restrictions.

See *Secondary Financing* below.

Refer to Section *Calculating the New Mortgage Amount*

FHA maximum Mortgage Calculation Worksheet to be completed reviewed and signed by the DE Underwriter

Refer to Section *Geographic Locations/Restrictions* for additional state specific restrictions or requirements.

FHA Streamline – Non-Credit Qualifying

For owner-occupied principal residences, the maximum base loan amount for streamline refinances is:

- The lesser of:
 - The outstanding principal balance of the existing mortgage as of the month prior to mortgage disbursement; plus:
 - Interest due on the existing mortgage; and
 - MIP due on existing mortgage; or
 - The original principal balance of the existing mortgage (including financed UFMIP);
- Less any refund of UFMIP (if financed in original mortgage).

For investment properties (i.e., all properties that are not primary residence), the maximum base loan amount for streamline refinances is:

- The lesser of:
 - The outstanding principal balance of the existing mortgage as of the month prior to mortgage disbursement; or
 - The original principal balance of the existing mortgage (including financed UFMIP);
- Less any refund of UFMIP (if financed in original mortgage).

The new FHA streamline mortgage amount may **not** include closing costs, pre-paid expenses and discount points, late changes and escrow shortages.

Cash Back to the Borrower: \$500 Limitation

The mortgagee may utilize estimates of existing debts and costs in calculating the maximum mortgage amount to the extent that the actual debts and costs do not result in the borrower receiving greater than \$500 cash back at mortgage disbursement

The mortgagee must obtain the payoff statement on the existing mortgage.

Cash Back to the borrower: Excess Cash Back

When the estimates utilized in calculating the maximum mortgage amount result in greater than \$500 cash back to the borrower at mortgage disbursement, mortgagees may reduce the borrower's outstanding principal balance to satisfy the \$500 cash back requirement.

Cash Back to the Borrower: Unused Escrow Balance

Cash to the borrower resulting from the refund of borrower's unused escrow balance from the previous mortgage must not be considered in the \$500 cash back limit whether received at or subsequent to mortgage disbursement.

Term of new mortgage is the lesser of 30 years or the un-expired term of the current mortgage plus 12 years. (This is particularly important when the term of the original loan was 15 years)
