Congrats, Sam. You're pre-qualified!
You can borrow up to \$182,626.

Your stated income qualifies you for a maximum initial draw amount of up to \$182,626. If you would like to review your income or use other assets such as investments, retirement and savings to see if you can pre-qualify for a higher loan amount, [click here](#).

Select the amount of cash you want

\$ 182,625

OCBC is pleased to provide options for a one-time origination fee, so you can prioritize what's important to you. Similar to mortgage points, selecting a higher origination fee reduces your APR and monthly payment but increases your total loan amount. Whichever choice you make, the origination fee will be included in your total loan amount and no cash will be required at closing.

Customize your loan
OCMBC is pleased to provide options for a one-time origination fee, so you can prioritize what's important to you. Similar to mortgage points, selecting a higher origination fee reduces your APR and monthly payment but increases your total loan amount. Whichever choice you make, the origination fee will be included in your total loan amount and no cash will be required at closing.
